The World Outreach Foundation Kansas City's mission is to bring healthcare services to poor and vulnerable people both internationally and in our local Kansas City Community.

In Kansas City we provide free healthcare to the homeless through walk in clinics, primary care, prescriptions, and referrals to help them access the healthcare they need every week. In addition, we provide dental services to assist with cleanings, extractions, fillings, infection control and dentures. These services are all free to our patients and we rely on your generosity to provide them.

Mission programs will operate in 2019 and 2020 to the Philippines, Dominican Republic and Mexico, dedicated to providing walk in clinics, chronic condition management, medication, surgery and referral services to those without access to these basic resources.

Proceeds from this tournament support both these flagship programs.

World Outreach Foundation Kansas City is a 501(c)3 nonprofit organization (EIN #20-0869346).
